

**MASSACHUSETTS PORT AUTHORITY
DEPARTMENT OF PUBLIC SAFETY**

**CERTIFICATION
CONSTRUCTION CONTROL
REGISTERED ARCHITECTURAL AND PROFESSIONAL ENGINEERING SERVICES**

In accordance with Section 116.0 of the Massachusetts Building Code, 780 CMR, 6th Edition

I, _____ being a registered architect or registered
(Print)
professional engineer certify that I shall perform the necessary professional services for the portion of the work
(discipline) for which I am **directly responsible** as identified in Section 116.2.2.

1. Review for conformance to the design concept, shop drawings, samples and other submittals, which are submitted by the contractor in accordance with the requirements of the construction control documents.
2. Review and approval of the quality control procedures for all code-required controlled materials.
3. Be present at intervals appropriate to the stage of construction to become, generally familiar with the progress and quality of the work and to determine, in general, if the work is being performed in a manner consistent with the construction documents.

Pursuant to Section 116.4, I shall submit periodically, progress reports together with pertinent comments as may be required by the State Building Inspector.

At completion of the construction and prior to the request of a Certificate of Occupancy, I shall file a final report to the State Building Inspector that the work has been performed in accordance with the approved plans and 780 CMR and all requirements of Section 120.0, "Certificate of Occupancy" have been satisfied.
