

# 50,000

# Passengers Have Flown JetBlue Through Worcester Regional Airport

## The Olson Family

of Littleton, MA passed the 50,000 passenger mark at Worcester Regional Airport on April 23, when they flew JetBlue to Ft. Lauderdale. To celebrate the occasion, Cathleen, Olivia and Eric were awarded 50,000 TrueBlue points courtesy of JetBlue, and the key to the city from Worcester Mayor Joseph Petty.

"We love the easy access and convenience," said Cathleen, a first-time flyer out of Worcester. "We'll be back, and when our folks visit from Florida it will be wonderful for them too."

"Congratulations to the Olson Family," said Massport CEO Thomas P. Glynn.

"We look forward to more celebrations as Central Massachusetts travelers choose to Fly Worcester."

Worcester Regional Airport offers economical parking steps from the terminal, shorter ticket counter and security check point lines, and free WiFi.
