**TO:** All Subscribers of the Massachusetts Port Authority Terminal Tariff No. 2 and Valued Customers

On 15 June, 2017, the Board of the Massachusetts Port Authority voted to increase rates in **both maritime tariffs**. The new rates in Terminal Tariff No. 2 **will be effective 1 January 2018**.

The provisions of **Terminal Tariff No. 2** apply at the former Boston Army Base Terminal including that section of it re-named "The Flynn Cruiseport Boston at Black Falcon Terminal" and that section of the former South Boston Naval Annex renamed Massport Marine Terminal which includes, for tariff purposes, the pier known as the "North Jetty".

The charges in Terminal Tariff No. 2 will be increased to match the corresponding rates in Container Tariff No. 1, which increased approximately 3%.

I call your attention to the new sub-rule 26 C on page 11.

**"Insurance requirements are in Section VIII. Users of the Marine Terminals named herein are responsible for having knowledge of its existence and are required to adhere to its provisions."**

Section VIII is added at the end of the Tariff and provides detailed information on the insurance requirements of all Users of the Terminals covered by Terminal Tariff 2. **The Certificates of Insurance must be delivered no later than seven (7) business days prior to the first date any insurance policy is required** (*in other words, 7 business days before the ship docks.*)

The tariff is available through the Authority's website site at:
