

**LP2301
Passenger Boarding Bridges and Baggage Handling System
Operations Repairs and Maintenance
Logan International Airport
East Boston, Massachusetts**

**RESPONSES TO QUESTIONS and/or RFI's
Addendum #1
Date: April 4, 2023**

The attention of companies submitting proposals for the RFQ is called to the following Responses to Questions to the subject RFQ. The items set forth herein, whether of omission, addition, substitution, or clarifications are all to be included in and form a part of the proposal submitted.

Responses to Questions and/or RFI's:

Additions and Deletions to RFQ

1. **Summary of Question:** Is DCAMM Certification required?

Response: Capital Programs has determined it is in the Authority's best interest to remove the requirement for DCAMM Certification as DCAMM has advised that there is no certification category for the scope.

Item 1: DCAMM Certification

Delete: DCAMM Certification requirement

2. **Summary of Question:** Please provide Supplemental Information Package

Response: The " Supplemental Information Package" was mislabeled during the initial posting and remains on the website linked below as "General Contractor Prequalification" . Accordingly, the Authority will not extend the time line for submittals or accept Electronic submittals
