

**L1711, WOBURN LOGAN EXPRESS SITE IMPROVEMENTS  
WOBURN, MASSACHUSETTS**

**RESPONSES TO QUESTIONS**

December 27, 2023

The attention of consultants submitting proposals for the RFQ is called to the following Addenda & Responses to Questions to the subject RFQ. The items set forth herein, whether of omission, addition, substitution, or clarifications are all to be included in and form a part of the proposal submitted.

**Responses to Questions:**

- 1. Please provide a copy of the Contract Drawings for the construction of the Anderson Regional Transportation?**

*The latest annual cover inspection and record document will be uploaded to Bid Express on 12/27/2023.*

- 2. Has a stormwater report been prepared for the site? If so, would Massport please provide it?**

*No, there is no stormwater report available.*

- 3. What is the current cap constructed of?**

*Refer to documents provided in the response to question No.1.*

- 4. Will Massport require a groundwater infiltration model as part of the scope of work?**

*This scope of work will include design for rehabilitation of existing pavement and is not intended to include groundwater infiltration modeling.*

- 5. Is increasing parking revenue a goal of the project?**

*No, the goal of this project is to rehabilitate the pavement which serves as a component of the environmental cap.*

- 6. Will Massport provide base survey or will the selected firm(s) be required to conduct a full site survey to develop existing conditions?**

*No, Massport will not provide survey for this project. The selected consultant will have to conduct its own survey of the existing conditions.*

**Note:**

*References to Grant of Environmental Restriction and Easement (GERE) in the Supplemental Information Package is incorrect for this project. Instead, controls for this project shall be a Notice of Activity and Use Limitation (NAUL or AUL) which shall govern and are included on Bid Express for this project.*
