

## A406S2 – Integrated Master Schedule & Consulting Services

### **ADDENDA & RESPONSES TO QUESTIONS** March 25, 2024

The attention of consultants submitting proposals for the RFQ is called to the following Addenda & Responses to Questions to the subject RFQ. The items set forth herein, whether of omission, addition, substitution, or clarifications are all to be included in and form a part of the proposal submitted.

#### **Addenda:**

Not applicable.

#### **Responses to Questions:**

- 1. If a firm is awarded this contract as a prime consultant are we precluded from other related design work?**

No.

- 2. If a firm serves as a sub-consultant on a team that is ultimately awarded this contract are we precluded from other related design work?**

No.

- 3. If awarded this contract, will consultants be conflicted from future design, construction management, or construction work at the Authority?**

No.

- 4. To what extent, if any, does the Authority want independent estimating support?**

It is not anticipated that independent estimating will be a major element with this effort. It is anticipated, however, that minor/occasional estimating support may be requested by the Authority over the life of this Contract to validate and/or reconcile estimates already produced for the Authority by others.
