TO: All Subscribers of the Massachusetts Port Authority Container Tariff No. 1 and Valued Customers

The Paul W. Conley Container Terminal has decided to extend the terms of the Multiple Container Rule by adding additional tiers and days for customers that receive large quantities of containers on a single vessel to allow more time for customers to remove full containers from the Port. The Terminal has also changed the "Free Time" and "Wharf Demurrage" verbiage in the tariff to clarify the "free time" period and point at which demurrage will be incurred.

There are no changes to the tariff fees, only to the tariff definitions. The tariff changes are **effective May 1, 2026**.

Further, the updated schedule of fees can be found at the end of the document for easy access.

The tariff is available through the Authority's website site at:
